Savvy shopper tips!

Instant Offers

This section provides instant discounts for retailers such as Apple, Argos, ASOS, Chessington World of Adventures and various holiday providers (plus many more). These offers are often for a lower discount but can be accessed immediately by following a few simple steps.

Cashback

Wider Wallet have partnered with Top Cashback to offer great opportunities to earn as you spend. Once a cashback offer has been selected, you will have the chance to log into an existing account or register via Wider Wallet to get a signup bonus credit and start earning.

Tip: There is a great selection of retailers available including (but not limited to) Boots, Amazon, B&Q, eBay, Expedia, M&S and Just Eat. We recommend signing up for cashback to get the most out of your access to Wider Wallet.

High Street Savings

This section requires a little more thought and attention as a majority of these offers are provided in the form of a pre-paid gift card. The idea is to purchase a gift card online via Wider Wallet (the offer will take you through these steps). The more money loaded onto the gift card, the greater the saving.

Tip: If you plan or expect to spend a particular amount in B&Q, ASDA, American Golf (and many more) they can make a significant saving with the use of the gift card to make their planned purchases.
