

Workplace Environmental Safety Management

Course Aim

This course is designed to provide delegates with the knowledge and understanding required to manage workplace environmental health and safety and ensure a safe working environment.

They will gain the skills required to effectively manage and maintain the occupational health of the workforce, visitors and any other personnel who may be affected by their work activities and be competent to apply effective safeguarding measures in line with government guidelines.

Who Should Attend?

This course is designed for those who manage a shared working environment and are required to manage others in order to uphold the occupational health and safety of themselves and others.

Course Duration

This is a 1-day course.

Maximum Delegates

The maximum number of delegates is [12].

Certification

Delegates successfully completing the course will be issued with City & Guilds Accredited certification.

City & Guilds | **Accredited Programme**
